CHICKASAW SOAP WORKS

Owing to the fact that the owner has other business requiring his time this magnificent soap factory, complete and ready to run is offered for sale on easy terms. There are three acres of land and splendid buildings with a factory complete in every particular, the engine, boiler and piping having recently been thoroughly overhauled. The factory has

a large capacity and as all the ingredients of soap are home products, here is a splendid opportunity for a live man to make money. Clerk of Court T. R. Trammier can give full particulars.

**HARRIS-GRIMES CO.**

The successors to Bateman & Lee in the dry goods and house furnishing business is the Harris-Grimes Co., in the Lee Building on Morgan Square. Percy W. Harris, the manager, is a young man of indomitable energy and push and having made a success of selling dry goods for years and later succeeded as traveling salesman, decided to locate in Spartanburg, and the success of the firm during its two years has fully justified his decision. They keep a high grade of goods in everything for women's wear and house furnishings. Their trade already extends over several counties and is constantly growing. They cater to the best class of trade and are all the while on the lookout for the newest in the markets.
