

IT IS NOT TOO MUCH TO SAY
SINCE ALL,
OLD AND YOUNG,
AFFIRM ITS TRUTH.
Via: That Professor Wood's Hair Restorative
WILL preserve infallibly the growth and
color of the hair, if used two or three times a
week, to any imaginable age. Perfectly re-
store the gray, cover the bald with soft
and beautiful hair, and preserve the hair
free from all diseases to the greatest age.
Statesmen, Judges, Attorneys, Doctors, Clergy-
men, Professional men and Gentlemen and La-
dies of all classes, all over the world, bear tes-
timony that we do not say too much in its fa-
vor. Read the following, and judge:
Hickory Grove, St. Charles Co., Mo.,
Nov. 19, 1857.

Prof. W. Wood—Dear Sir: Some time last
summer we were induced to use some of your
Hair Restorative, and its effects were so won-
derful, we felt it our duty to write to the af-
fected, to report it.
Our little son's head for some time had been
perfectly covered with sores, and some called it
scald head. The hair almost entirely came off
in consequence. When a friend, seeing his suf-
fering, advised us to use your Restorative, we
did so with little hope of success, but to our
surprise, and that of all our friends, a very
few applications removed the disease entirely,
and a new and healthy crop of hair soon
grew out, and we can now say that our boy
has as healthy a scalp, and as luxuriant a crop
of hair as any other child. We can, therefore,
and do hereby, recommend your Restorative
as a perfect remedy for all diseases of the scalp
and hair. We are yours respectfully,
GEO. W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

Prof. W. Wood—Dear Sir: My hair had, for
several years, been becoming prematurely gray
and accompanied by a harshness which rendered
the constant application of oil necessary in
dressing it. When I commenced using your
Hair Restorative about two months ago it was
in that condition; and having continued its
use till within the last three weeks, it has turned
to its natural color, and assuming a softness
and lustre greatly to be preferred to those pro-
duced by the application of oils or any other
preparation I have ever used. I regard it as
an indispensable article in my toilet, and
whether to be used as a Hair Restorative or for
the simple purpose of dressing or beautifying
the hair. You have permission to refer to me
all who entertain any doubt of its performing
all that is claimed for it.

MRS. C. SYMONDS,
Cincinnati, O., Feb. 10, 1857.

Prof. W. Wood—Dear Sir: By the advice of a
friend of mine, who had been using your Hair
Restorative, I have induced to try it. I had
the fever, some time last May, and nearly ev-
ery hair in my head came out. Now my hair
has come in a great deal thicker than ever,
and is nothing but a duty and a pleasure to
dressing it. I have been so much pleased to
feel to communicate to others who are afflic-
ted as I have been, would induce me to give
this public acknowledgment of the benefit I
have received from Prof. Wood's Hair Restor-
ative. Yours respectfully,
A. R. JACOBS.

The Restorative is put up in bottles of six sizes,
viz: large, medium and small; the small holds
4 pints, and retails for one dollar per bottle;
the medium holds at least twenty per cent.
more in proportion than the small, retails for
two dollars per bottle; the large holds at least
40 per cent more in proportion, and retails for
\$3 a bottle.

MONTGOMERY'S
CELEBRATED DOUBLE SCREEN
WHEAT FAN.

THE Subscriber having purchased the Right
for this State, now offers to Planters
these justly celebrated Fans for cleaning Wheat.
This Fan is superior to any thing of the kind
now in use, as the numerous small teeth
at different State Fairs will attest. It is
simple in its structure, easily rigged, works
well, and when out of order, can be repaired
any ordinary mechanic. It is adapted to
cleaning all kinds of grain. For further in-
formation see Hand Bill, which will be furnished
any one desiring such.

Cotton Gins and Threshers.

Also constantly on hand a supply of Cotton
Gins, which I warrant to be equal to any made.
Also, a lot of Threshers which are so exten-
sively known that I deem it unnecessary to
enlarge upon them.
These Machines are all manufactured in this
place, by skillful workmen, and of the very
best material, and warranted to do what is
said for them. Any orders for either of the
above Machines, addressed to the subscriber, or
left with any Travelling Agents, will be
promptly attended to.
For all Repairing and Job Work, the Cash
will be required upon delivery.

Important to Planters!

THE RICHMOND FACTORY,
Richmond County, Ga.

CONTINUES 40 manufacture
CLOTH 12 1/2 center yard for plain
and 16 for twills—finding every material, ex-
cept the wool. The extensive and constantly
increasing patronage the Factory has enjoyed
for years past, assure the proprietors that the
standard of Water Clothing for Negroes, made
by them, has not been surpassed by any cloth
made North or South.

Recent extensive improvements and others
now being erected, enable us to keep up the
standard of the Goods, and to secure an early
delivery.

Planters, or others, who may wish to send
us wool to be made into cloth, can send it dirty
or clean—if washed, it should be done in cold
water, and done thoroughly. If sent dirty we
charge half cent per yard extra for washing.
Barry Wool is not objectionable—the burrs
removed by machinery. The name of the
owner should be marked upon every package
sent.

Wool sent by Railroads in Georgia, Alabama,
Tennessee, or South Carolina, to the Augusta
Depot, with owner's name, and "Richmond
Factory" marked upon it, will be regularly
and promptly received at the Factory, where
made, returned to the points directed. Each
parcel is made up in the turn received.

We would especially urge upon our patrons
the great necessity of sending in the Wool as
soon as possible; if this rule is followed, the
parties would always be sure of having the
cloth in ample time.

All instructions to Messrs. FLEMING &
ROWLAND, our Agents in Augusta, Ga.,
A. JOHNSON,
President Richmond Factory.
