## SPORTS PASTURE BROWSINGS

H. W. BAUMGARDNER

Allen and Benedict will stage their annual Founder's day battle at Antidel Field Monday afternoon, at 3:00. This promises to be an unusually good game as both teams have a wealth of material from which to select. Coach Madison thinks that he has the making of one of the finest pitching staffs ever boosted by one of our colleges Coach Swinton has uncovered a dark horse who is called "White Horse" Dix. White Horse is expected to perform on the mound just as effectively as he did in the backfield last fall. Lipscomb, Gardner, Hill, Jones, Burley, Schumpert, Dean and others give promise of doing big things for B. C., while at Allen Scott, Gables, Nelson, Porterfield, Footley, W. Burton Hall and one of two veterans expecting to better their previous seasons' records. Bud Ashford, A. B. C. performer is seen wearing the Allen uniform at Hurst Field these afternoons. Ashford says that he is going to do his bit in helping Coach Swinton to come thru with a championship team.

We understand that the Voorhees Basketball team went thru the season without a single defeat. This is a good record; especially so in view of the strong teams encountered by them. If they had defeated nobody but Schofield it would have been impressive but they have also beaten the strong Haines team, of Augusta and other formidable opponents.

Miss Hurlong and her staff deserve a deal of credit for the marked improvement shown by the State College Basketball team at the end of the season. Their team work was better, their passing more accurate and their all round playing much more proficient than it was earlier in the season. It takes time to develop a consistent basketball team, for consistency must be based upon experience. The Georgia State team also showed great improvement over their early season form. It would be a thrilling thing to see our girls play the game according to boys rules as they play it in the east. It seems a little unfair to allow only two people on a team the opportunity of scoring points for the team. In the boys game every mother's son has an opportunity of making points, whether he makes any or not.

As was predicted in this column at the beginning of the season the Allen girls team won every game played this season. We were scared pretty badly by State and Georgia State but our prediction came out true nevertheless. A deal of credit is due to the girls who comprise that team for had it not been for their pluck,

determination and team work it is likely that they would have lost at least one game. Such a record as that made by the Allen girls is one seldom seen in the realm of Basketball. The following teams received two defeats at Allen's hands: State, Clafin and Georgia State. Schofield, St. Albans Academy, and Leesville were all defeated once, while Paine forfeited a game to Allen.

The Booker Washington girls had a nice team for a group of youngsters and bid fair to be the class another year. It was no small blow to a team to lose such performers as Adams, Weston, and Dannerly, Sumpter, McGhee and others have shown that they are potential stars and the colleges would do well to keep their eyes on these young ladies.

The Allen sextet closed the season last week with a win over Georgia State College. This was the hardest fought game of the season for the Allenites. The game was marked by guarding on the part of both teams and the forwards didn't get much chance to get away. The game ended with Allen leading 13-11, the closest score of any game won by them this season.

In view of the poor officiating that is generally had at our games it is a pleasure to call attention to a basketball official who knows his business and gives a jam-up game. The gent is Mr. Gibbs, proprietor of Gibbs Pharmacy at Greenville. Mr. Gibbs knows how to keep teams moving and has a keen realization of the fact that basketball is a no contact game, a fact which most officials seem to overlook.

Our old friend B. G. Harvey, of Morehouse College writes in to give the column a word of cheer:

"My Dear Friend: I am writing to express to you my appreciation for your kind mention of my visit to Columbia. I read your column each week and to congratulate you on same. We need men like you to write for our colored papers in this section to give due credit to our outstanding athletes. With best wishes for your continued success and appreciating the opportunity of meeting you in Columbia. I am yours very truly, B. T. Harvey."

We appreciate this expression coming from Mr. Harvey and shall always do what we can in the attempt to get due recognition for athletes in this section.

### JOHNSTON GIRLS DEFEAT WARD GIRLS BY 10-5.

Athletic Poem by Adrena Watson, 9th Grade.

Folks we're on the court to play a nice game.

So if we don't win well I'm not to blame.

Time now? Yes there goes the whistle.

The girls are so strong you can see their bristle.

The ball is slapped Padgett takes in on a bounce.

And the way her uniform wrinkles you'd think she wore a founce.

She throws it to Dean, but her guard gets the ball.

And with a strong arm throws it over us all.

Her forward gets it but Slaughter a stiff looking guard.

Wasn't looking stiff for nothing for you see she was hard.

She gets the ball and throws it in the center.

The girl on the other team was swift but sweet and tender.

It was passed on to McKeeney, Oh! she made a goal.

The eyes of the other team was like clabber in the bowl.

The ball was slapped so hard it went out of the court.

An outsider said: "Look out they're getting you all's goat.

McKeeney heard this and said: "I know they ain't."

We will stick as close to them as a house and its paint.

The ball was in and back to McKeeney.

Some one said: "Fool 'em, you know how to do."

At that point McKeeney dodged and upset the crew.

Did she make the goal? What do you think?

Made it just as sure as John Jones got a kink.

They just looked after each other and some began to sneer.

But behind their eyes you could almost see the tears.

And so we played ball and not the crew.

When they made one score their hearts most jumped thru.

They made this one by Slaughter rubbing her knee.

While she was in this role the other girl was free.

Gee, M!, the games over very very quick.

To quit playing now said Watson, almost makes me sick.

And on that day you could hear everyone say:

I was to the game and Johnston won.

Everything they did was really well done.

### CLAFIN'S QUARTETTE SETS NEW RECORD.

The Clafin college quartette of Orangeburg, held spell bound an audience of more than six hundred music lovers Monday evening March 10th, in Clafin's chapel.

The quartette displayed marvelous culture in their rendition of "Bells at Eventide" (Rachmaninoff's Prelude in C minor), Pintsuti's "Good Night Beloved," and Huhn's "Invictus." Their spirituals which were their own arrangements demanded several encores. The technic of "Steal Away" and "Little David" stopped the house for a few minutes.

Mr. Joseph James, baritone surprised the hearers in his wonderful rendition of "Thou Art Risen My Beloved," by S. Coleride Taylor and Clark's "Someday, Sometime." Mr. Sinclair Swain, second tenor scored in "I love you truly," by Bonds and a spiritual, Mr. Lycurgus Lockman's sweet flowing bass was the essence of training to the quartet. Mr. Emanuel Mansfield who captivated the listeners with a reading "Spartacus to the Gladiators," also sang a requested number entitled "Lil Gal" by Johnson.

### ABBEVILLE BOWS TO BREWER.

On Thursday, Mar. 7th the Girls' basketball team of Brewer Normal school narrowly escaped being defeated by the Abbeville fast Girls' team of Abbeville High School, in the hard fought game of the season. Abbeville took the lead directly after the game started, and kept it by a score of 1 until the last two minutes of play, when Brewer took the one point lead.

S. Alexander for Brewer and P. Davis for Abbeville were doubtless the outstanding players of the game. Each did practically all of the scoring for her team. Other high lights of the game were the floor work of N. Richie and the guarding of I. Alexander and D. Williams for Brewer and the guarding of Red and Lomax for Abbeville.

### CAMDEN NEWS.

Thrust out of the hands of slavery into a world so keen in competition where only the fittest survive, the Negro, from the dawn of history, has come in for his share of responsibility and glory. Today, we see continued signs of progress all around us. Here in our own Palmetto State, the Negro is receiving an increasing amount of recognition and esteem along educational lines. Those of you who keep abreast with current events noticed that the last week's issue of the Columbia Record contained feature articles of the leading colleges in the state. The following institutions, with a sketch of their history and development, were listed: Voorhees Normal and Industrial Institute Morris College, Allen University, Clafin College, State College and Benedict College. Each college was further adorned with a photograph of its president. Are these acknowledgments not indications of progress? They certainly serve as inspirations to the youths of the 20th century.

South Carolina with a population of 1,225,500, feels that the Negro, who comprises about one-seventh of this number, is an asset to the State and to civilization. We must admit that civilization consists of a progressive understanding of and cooperation with the laws and forces of nature; an arrangement of social relationship and such an appreciation for the arts religion and literature as will make for the happiness of the largest possible number of people in any social group.

With this as its motto, our State shall continue to make rapid progress in all endeavors. She has long ago determined that the Negro should have training.

The people of Camden should be elated over the fact that you have two High Schools here which have been recognized as accredited ones by the State. The students who leave Mather Academy and Jackson High enter Freshman College with ease. Jackson having a deficiency in science only. These statements are backed up by the Association of Presidents, Principals, Deans and Registrars of the State.

The faculty and student body of Jackson High school also the citizens of Camden extend our deepest sympathy to Mrs. Addie Ransom, a primary teacher in the Jackson High school, and Miss Cora Williams, a member of the Junior class. ### CONGAREE NEWS

There was a grand concert given at the Cross Road public school on Friday night, March 7th by our beloved teacher, Miss Emma Goodwin of Gadsden. Everybody was highly pleased. The recitations were grand. Many fine pieces and especially by the smaller pupils of the 2nd and 3rd grade. Many beautiful essays, dialogues, and broom drills by these

little folk. Among the most striking was the welcome address by one of the senior scholars, Miss Lottie Richardson, which was very good. There were beautiful songs sung. Last was closing address by Miss Bell, which was also grand.

All of the patrons are highly pleased with Miss Goodwin. Many think she is the best teacher this school has ever had. The concert is superior to any we've ever had in this section. I myself am an experienced teacher. Taught in Richland and Clarendon counties for 7 years in succession and can say that this was the best arranged concert I've ever witnessed.
