Boy Scouts Meet At Union Baptist Church.

The Boy Scout spirit must be spreading, because at the meeting of Scout Troop No. 50 of Booker Washington High School at Union Baptist Church, Nov. 3, 1930, there were more boys to become scouts.

SCOUT MASTER HANBERRY COMMENTS ON MOVEMENT

Scouting is a program of interesting useful things for boys to do in their leisure time. These boys learn the mysteries of wood craft, of first aid, swimming and life saving, of out door cooking and camping, of signaling, map making, hiking and citizenship.

Like the Red Cross, the Boy Scouts of America are chartered by congress and the President of the United States is its honorary president.

The Scout Masters are picked local men who give their time without pay because of their interest in the boys of America.

Scouting gives boys a chance to serve their community. Its activities not only give pleasure and knowledge, but they prepare to meet the community emergencies. In times of floods, fires, tornadoes and earthquakes, etc., scouts always prove their readiness to serve.

Scouting is neither military nor anti-military. It carefully avoids political or commercial entanglements.

Scouting knows no race or creed or class. Troops are found alike in Catholic, Parish, Jewish Synagogue and Protestant Churches. It is available to farm or city alike. It is found in schools—it serves the rich as it serves the poor. Its aim is to help each of these boys to become the best citizens that he can make of himself.

Every year thousands upon thousands of boys join the Boy Scouts of America. They find not only fun, but also a real chance to be something more. Every boy really wants to make good—to amount to something, to be of value in life.

The tremendous sweep of scouting has come because it helps a boy with his problems—helps him to find himself and his power—helps him to "Be Prepared."

Leisure time, the time to do time, can make or break any fellow. Some have checked up on their own time and were surprised to find that they had six or eight hours of leisure time daily.

Scouting provides attractive things to do in this spare time—things that "get one somewhere."

Scouting helps the scout to value the great heritage which the past has brought him in the life and ideals of America, and scouting points the way of good citizenship through service. Not getting but giving—not only receiving but giving back something that shall, as Lincoln phrased it—"Make the world better because of our little life in it."
