Davis And Tedder Quietly Wed

Society Hill, S. C., June 18th. In the country side of Society Hill in an exceptional accommodations and friendly center, were quietly wedded Mr. William L. Davis and Ella F. Tedder on Sunday afternoon, June 16, 1935.

At four o'clock as planned, the melodious voice of Mrs. John Dixon was heard to begin "I Love You Truly." The wedding march then ushered in the maid of honor, Miss Willie Ethel Mitchell. The groom immediately followed, accompanied by Prof. E. Byron Chandler, the best man. The bridal march was then played and the bride came in on the arm of her father, who placed her on the left of the groom.

The door leading to the porch was made into an arch, with the aid of most beautiful flowers that nature affords. It was under this gorgeous mechanism that the sacred matrimonial ceremony was performed by Rev. J. E. Davis, pastor of New Hopewell Baptist Church, Society Hill.

The bride, a graduate of S. C. State College and who for the past few years has been employed as an instructor in the city school of Orangeburg, S. C. enrobed in a white lace dress intermingled with net and carrying a lovely bouquet of white carnations, was really a picture of health and happiness and was often referred to as the very image of a carefully constructed "doll baby."

The groom wore a tuxedo dress suit. His firm expression and strong personality instantly convinced all that he was a dependable type. Mr. Davis is a graduate of Claflin College (class 1930) where since that time he has served for three years as an instructor in the Department of Natural Sciences. At the present time he is operating The Peoples Barber Shop in Orangeburg, S. C., one of the most prosperous of Negro businesses there.

At the end of the ceremony the members of the family of the bride and groom were refreshed with ice cream and wedding cake.

At 6:00 o'clock after many hearty congratulations the couple motored to 24 Treadwell St., Orangeburg where they will make their home.

Cemetery under a beautiful mound of flowers.

Prof. A. H. Reasoner of Harbinson Institute and the Irmo baseball nine motored to Graniteville, S. C. on last Saturday and met the Graniteville City team in a hard fought battle, both teams played real baseball from beginning to end but Graniteville City team fell to Irmo to the tune of 6-5. The Irmo team is very strong and anyone desiring to meet this team write the secretary, Mr. Fred Paiger, Irmo, S. C.

History of State

4-H Camp

Several months ago an appeal was made by Mrs. Marion Baxter Paul, State Supervisor of Home Demonstration Work to the South Carolina State Officials of the F. E. R. A. for a Recreational and Training Camp for Negro girls and boys. After many untiring efforts, the request was granted, but a suitable site had to be located. Through the charitable spirit of the broad minded members of the Progressive Club professional and business men of the club composed of the leading Columbians fifteen acres of land on the Precival Road, Richland County, were donated. The F. E. R. A. consented to furnish necessary labor but no materials. The next problem then, was to collect sufficient money for materials. Mrs. Paul appealed to her efficient staff of Home Demonstration Agents in all counties of the State. Mr. H. E. Daniels, District Farm Agent made a similar appeal to the Farm Agents. \$355.00 was collected from the women and girls club, with Orangeburg County leading with a contribution of \$35.00. The Farm Agents have contributed \$96.50. Mr. J. E. Dickson, County Farm Agent and manager of the Camp earned \$350.00 from his County Delegation and \$200.00 from the city of Columbia and over \$100.00 in personal donations.

Work upon the Camp project was begun May 29, 1935. The main auditorium is a beautiful rustic structure 60 by 24 feet. This building will be used as a dining hall and recreational center. The two smaller buildings will be used for sleeping quarters for boys and girls while they are in training at the camp. Materials for 190 mattresses were given by the F. E. R. A. and the mattresses were made by club women who volunteered their services.

A lake is also under construction and when finished will cover 6 acres of land. It will be 1400 by 500 feet. 3 acres of land for the lake, were donated by John Hill, Negro farmer in that section and seven acres purchased. This will form the lake and Park site for use in connection with the 4-H activities. A baseball park, tennis court and play ground will be developed.

It is the aim of the Extension Workers to bring boys and girls, men and women to
