ECHOES

By "CAP JIM"

Well the 4th of July has come and gone-one thing we noted that there was more talk of "Freedom on the air-than any thing-even after sundown-programs were being broadcast-and groups were singing the old national stand bys .- Some thing has got America aroused as never before-on this"-freedom business. Let us continue to sing "My Country tis of thee," etc.-I will admit the words may not carry the full meaning to a large part of our race-but lets keep singing, and claiming the country as ours-Why not?

Quite a few churches put on entertainments on that day-several report having a fine day .- we at Laurel Creek for years have pulled off one-infact it is so well established-that no advertizing is done .- The people just watch the Calendar. If they find July down, and the month having a 4th, they know to come to Laurel Creek Saturday they were there by the hundred. Everybody-happy-not a cross word-Two fine ball games -The committee sold every bloom ing thing in sight; the sun was at least 1 and 1-2 hour high-when the last knickle was handed out. for the last glass of lemonade.-Gee what a day-Then Sunday the Laurel Creek Lodge No. 17 W. B. S, held its usual annual Thanksgiving service.-The vard and xistence of the convention. Field church were full-people-people from far and near .- The services were enjoyed by all. The offering was over \$25.00. Dinner was served and every thing passed without a single cross word-Now come clean-and admit with me that it takes a mighty fine neighborhood to be able to pull off ? big days in succession-and both a howling success.

Strange thing happen or rather

come along-as we don't have

much faith in this-"happening" business-We read books and papers and hear fine discourses on life and health .- Do this or that, be happ ylive to a ripe old age. But careful about this-Don't de that-shun this dodge that-and on and on-it goes. Every body most want to live a long time and enjoy health as they go But some times we see a living contridic-"tion-to, all this fine stuff" handed down-Every day there are those of the Dean Wednesday morning being planted in graves-who hav . had from birth to death-eve ry thing that money and kindness could be stow and yet, just a few years is the sum total of their life-On this side of 50 most all of them have a flat. Then now an! then we run up on one-some time its a man-then a womanthat lives a life that is the dead opposite of oll the teaching of "how to live, of health and sanaand every thing we find in the book, and yet they round out their 3 score and 10 years-Last week we funeralized such a character known to every body in Granville-and other parts-as "Prophet"-His real name was Prophet Lindsey, but few knew of the Lindsey-but many of the Prophet, for the last 40 or 5:years on the streets and around the homes were he seen, truly with him as the Savior said. The hirds have nest, the fox have holes-but he had no where to claim as his, to lay his head-Old out house-car boxes-Depot Staions-large dry goods boxestheads-any where He could crawl in after dark-was home sweet com -Old clothes, shoes and hats he picked up and wore very often he would have on 2 old suits, 2 hats an over coat, and carrying an extra pair of old shoes-as fire wood, any thing he could get his hands on in a honest way-from my where-he ate-Hot or coldwet or dry, sleet or snow-you could see him out. About 1-2 normal in the upper part, yet he had plenty sense, enough to stop out of trouble to be honest, to hold the respect of both races to make friends with children-to hold membership in a Christian Church, to live without working

Prophet said "If there be a Heaven-I am going to it"-Amen.

Now dozens have expressed themselves to me about a white Southern Democrat, refusing to stay in the National Convention and listen to a Negro preacher pray. Some riped him up the back and down the front. Some seem to think that it was an insult to God for any one to walk out during prayer. Now to start with knowing about Political Conventions-especially the big onewhere all kinds of tricks bury, under handed works falsefyingare engaged in lining up delegates -especially where the men want to stay in. It is mockery, or an insult to God to call on him to forget that he is a righteous oneand to lend approval-for that -is what you ask God to do, when you are praying for-as I see it--It is just as befitting to open a prize fight, Base ball series-Public Dance Kentucky Durby-as a Political Convention as formed and fashioned now a days-Now I may be dumb-or blind-or narrow-or ignorant-or just a plain 'I am fool"-but to save my life,

keep in control an organization, th a large and important par of that organizatioon-possessing with in the same spirit that was shown by the senator who stands high in the Council of his party. It makes no difference if hundreds of Negroes are beng bought like cattle-to go out and profess to be democrats-When the test comes. They will find that th. race has no real heaven within that organization. What a Party has stood for over 100 years cant be changed in 3 long years or 3 short ones-as or that. The Northern and Western Democrats following in the foot steps of the Republican Party which makes them open their doors, and the Southern Denfocrat whose doors are shut tight to the Negro Democrats is a mixture-that will explode as sure as the sun rise.
