THINGS ARE NOT WHAT THEY SEEM!

(Continued from last week) let us all go from here. If you don't think are not, nor will not be as they seem. I hope you can see that neither side can kill the other's influence or chances, without hurting the church and yourself. Remember if you dig a ditch for each other, each one just as well dig one for himself. I am all of you friends, and want to see all do well, and is willing to join the laymen for a future program for the church and school that we can go to the people with and encourage them, and they will work as has been for a long time, and join in and help put the program over. I would advise that each side, that think the other wants to be a dictator, go to the bishop and inform him to please not have no special dictators, but to use each presiding elder in his district for the program of his district and when it comes to a program for the state, call all of them in question, and all work together. There is no need of trying to kill each other. All of the writing leaders of both sides are quietly of the same thing. One or two may have enjoyed the greatest blessing last. We take your dose and go forward. We laymen want piece in the church. If you all don't agree to that, things will not, nor cannot be what they seem. Peace and righteousness will give us members, money, souls, and joy. Let us have it. The Bishop is with that I know. He said so. Why weary him without a cause? My last thought is, that it seem to me that the state of the country is not as prosperous as it is thought to be. It haven't been nor will be soon. I predicted through a white paper a few years ago, that there wasn't going to be any permanent prosperity in this country, and especially in the south. Until the leadership of all the races agree upon a program for all of the people that God will be pleased with. So long as prejudice exist in the leadership of the races, toward each other in their programs God will not bless the movement, and it will not stand. I have never seen one, nor read of one standing long, and if so great was the fall. I predict, when the League of Nation was formed at the end of the World War, without all races being represented by one of their group, to have a voice in speaking for their group and conditions. It wasn't worth the paper it was written on. What things go now? Ethiopia's kingdom was woefully taken from them by force of power. Because they were untrained. Where were the League? Italy paid it no attention. Other nations played neutral. So the League of Nation wasn't, nor isn't what it seemed. Take the New Deal program. It has done some people good, but a mass of poor people have failed to be helped, and those helped, not permanent, especially the poor farm laborer, and day country laborer. Negroes in the south seemed to have fared the worst. Several of the departments were ruled out by the Supreme Court of the United States that were sapping the life out of a dead people. So God must not have been pleased with them. Some of them worked biasness to some groups, and things were not what they seemed. I believe that most everybody believe that the president's intention was good. But I think he is making up for the execution of his plans, many of the executors were so bias that the President's principles could not be gotten to, nor seen. Hence things were not as they seemed. Good laws with bad execution almost same as a bad law, and is none effectual. Until steps are taken to have all treated alike, that is in the same condition, under the same law or rule, God is not pleased, and the things cannot succeed, though it may seem to be. I hold a country isn't in a prosperous condition, so long as able bodied men and women are waiting to be fed like a bird feeds her little ones, or a mockery of work is carried on just to have some one working, and the work is wasteful and of none effect to mankind. So long as nations are got to carry on their seemingly prosperous programs by might, and not by men and women, with able bodies to be able to make their own trades to work for a living, the country isn't as prosperous as it should be, and their program will have to be changed by them or some one. A little baby can walk so long as some one give it sufficient support, but the moment

SOPHOMORES CONSTITUTE NUCLEUS OF SOUTH CAROLINA GRID TEAM

With the arrival of Watson, Cannon, Armstrong, Barksdale, Motley, Medley, McCants, Sartor, Davie and Brogdon of the football team have brightened constantly. McCants and Watson were versatile backfield performers last year and will undoubtedly prove invaluable this season. Barksdale proved to be one of the most capable linemen observed in action during the 1935 session. There will be several veterans returning, among whom are Jimmie Johnson, giant end, John Clendening, offensive end and defensive half-back, Roger Mudd, midget guard, and Hampton Simpson, half-back. The Freshmen candidates will merit notice as a great many reporting for practice show promise. McDew is a clever boy who can do every thing an end should do and is also a punter. Evans, a good tackle, will undoubtedly see service at end because of his dexterity in snatching seemingly impossible passes. Harvey, another Freshman, is small in stature but at this early stage seems the man most likely to guide the team from quarter-back. Anderson, Boyd, Day, Galloway, Gibbs and Abraham are other Freshmen who are intent on winning a coveted position.

Despite the material in camp, Coach Brooks is still looking for a backfield man who can kick, to replace Cain, lost by graduation, and the triple treat man, Sol Johnson, lost by injuries sustained during the summer. There is also a gaping hole looming at center which Al Journey Harris filled before his graduation. The Carolina Bulldogs are working hard in anticipation of the coming wars with those strong Southern Conference teams, Morehouse, Florida A. & M., and Morris Brown, and such South Atlantic Conference teams as Benedict, Allen and the traditional Thanksgiving foe, Clafin. Last year the Carolinas from Orangeburg lost an unusually close decision in a hard fought game to Morris Brown, 3-0. However they were successful in overcoming Florida, Benedict and Clafin.

October 2nd marks the date of the Bulldogs' first game. Haines Junior college will furnish the opposition in a practice game at Orangeburg. The schedule is as follows: October 10th—Morehouse at Atlanta. October 15th—Allen at Orangeburg. October 21st—Open for game. October 28th—Morris Brown at Orangeburg. November 6th—Benedict at Columbia. November 14th—Florida at Tallahassee. November 21st—Virginia at Orangeburg. November 26th—Clafin Orangeburg. December 5th—Aloern at Orangeburg.

SPARTANBURG NEWS

Miss Grace Walker has returned on North Dean St. and has begun her third term as teacher in the Spartanburg City school system. Miss Walker reports eight weeks vacation in New York, Philadelphia, Wilmington, Delaware, Washington, etc., with relatives and friends. This young lady has made many contacts visited many places that will help her in her vacation, faced many new scenery and above all is the picture of health. election. It would give the party in the state a good showing and it means much in the future. Its going to take two strong parties in all of the states before things will be as they should be for all groups. Any time any man or business have a monopoly over things, they can carry it mostly as they please, and things are likely to go wrong. All business need a checking up. The colored people in the South should always vote a Republican ticket in the General election until we are allowed to vote in the Primaries for our county and state officers. If they vote otherwise, I think they vote as traitors to their race, and seemingly as hypocrites, because they are working against themselves. I feel that the leaderships of the world along all lines and departments will have to take a stand and principle to take care of all concerns, and work a - I saw for the first time the Presbyterian missionaries took for their motto a few days ago. That man's soul and body will have to be cared for. If I see it, your interest for the body leaves off the principles for the soul. It will be a failure. And if the interest for the soul neglect the body the body will be miserable. So we will have to take along the principles of God in all our deliberation or meet with a total failure. I again say that the program of the world will have to have Godly principles in it. All mankind will have to be treated alike, that under the same condition and circumstance, regardless of race or color. And if the nations don't soon change to that principle, I predict a great National calamity of some kind, God only knows what, will have to come, and will come to punish until every body acknowledge God as the controller of the universe, and loose eight of the power and knowledge of man only through God's guidance. They will have to acknowledge man kind, as their brother. The above is my thoughts on "Things are not as they seem." Read them and digest them and act accordingly so as to be blessed. H. B. RIKARD

Promptly at seven o'clock in the evening a model A. C. E. League was conducted by Miss Lillie Mae Harris, acting District Superintendent.

At 8:30 o'clock, the annual sermon was preached by the Rev. T. H. Weathers of Shiloh Station, Prosperity. The Welcome program conducted by Rev. R. A. Young and the good people of St. Paul, was simply grand. The response was given in behalf of the convention by Miss Edith Levant. Doxology and Benediction by Rev. T. H. Weathers.

Friday's session was filled with vital information for every one. Courses were offered in the following subjects: The Teacher and his work, The Pupil and The Bible School.

Promptly at 12 o'clock a Model Sunday school was conducted with the following officers: Pastor, Rev. C. T. Coleman; Supt., Rev. E. A. Adams; Secretaries, Misses Audrena Rutherford and Georgiana Graves; Treas., Mr. Avery Adams; Organist, Miss Rose Nash; Chorister, Miss Edith Levant; Librarian, Miss Freddie Lykes and Asst. Supt., Mr. Walter Wise. The various departmental superintendents were laymen with their teachers being the pastors of their districts. The Model Sunday school was most unique in every way. Dr. Adams deserves much commendation for the very splendid way in which the Model Sunday school was carried on.

Drs. E. F. G. Dent and H. W. Walker, P. E. of the Columbia District and pastor of Trinity Station, Spartanburg were introduced and brought word of greeting. Dr. Abram Simpson, President of Allen University and Dean C. A. Burch were also introduced. Dr. Simpson delivered an address long to be remembered in this part of the moral vineyard. Prof. H. B. Rikard was chosen District Superintendent of Sunday schools, while Miss Lillie M. Harris was given the Presidency of the A. C. E. League of the District. All charges made good reports.

The educational sermon was preached by Rev. A. A. Amaker of the Saluda 4. This sermon was a masterpiece and our hearts were made to burn as the messenger spoke to us by the way side. Every member of the convention was loud in his praise of the Rev. R. A. Young and the good members of the Mt. Helron Ct. who spared no pains in making everything so pleasant for the delegates and friends who attended the convention. The people of the Newberry District are certainly wild about their Presiding Elder, Dr. Adams. This is evidenced by the fact that any meetings he calls is largely attended. He has been chief of the District for six years and it is hoped by the district both lay and clergy that he will remain as presiding elder of this district until his elevation to the Bishopric in 1940.

The Convention adjourned after the singing of the Doxology and Benediction by Rev. A. A. Amaker. Rev. T. E. Harper, reporter.

Poetic Meditations

BY HERBERT ELI DICKSON TO SOUTH CAROLINA STATE COLLEGE I dare not hold my head too high, For fear you'll think me proud or vain, Nor face you with too sharp an eye For what in such a look is lain! I'd have you always think of me As one who does his very best— To natural and kindly be For wrong impressions you may gain! OF CERTAIN DISCOURAGING PERSONS Your mind is so entranced by Poe; Your soul, so bounded by Shakespeare, That youthful poets now will go So far, then step aside in fear— In fear that nourished by the scorn You save for verse that's ultra-new! 'Tis well that I'm courageous born Or I would do the same thing too!

THE UNITED SUPREME COUNCIL OF THE SCOTTISH RITE MASONS AND THEIR AFFILIATED BODIES

BY REV. L. G. BOWMAN The United Supreme Council of the A. A. Scottish Rite Masons and their affiliated bodies met in their annual session in New York City, July 26, 1936. The organization was first organized April 5, A. D. 1869, and was presided over by some of the most distinguished members of the race of past decade. A large delegation from South Carolina represented the Williams Grand Lodge of South Carolina. The Grand Master being ill the Deputy Grand Master, Rev. L. G. Bowman represented the State. Large delegations from nearly every state in the Union were on hand. It was reported that one thousand or more attended this session. The largest representatives came from Rhode Island, Texas, Ohio, Maryland, Louisiana, Pennsylvania, Arkansas, Massachusetts, New York and New Jersey. South Carolina delegates played their part in the wonderful program of Charity and Benevolence. The depression was forgotten seemingly. The political arena of the nation was ignored and fraternity became the watch word for the entire mass of humanity gathered in the Metropolis of our country. With no greater watch word in the English Language, no loftier motive in human steps backward we go forward in search of more light reflecting ancient principles, the souls of our noble fraternity. This was one of the most peaceful sessions ever held by the Scottish Rite Masons. There were some radical changes doing the election of officers. As usual the election of officers of the Supreme bodies loomed fourth as a great attraction and stirring event and becomes one of the main features of their zeal to be of service to their comrades. After a careful and pain taking survey of the available timber to head the time honored institution, choice was centered on Ill. J. C. Parker 33% M. P. Sovereign, Grand Commander of Detroit, Michigan, Ill. John L. Gordon 33% T. G. P. of Montclair, N. J., Ill. O. S. Pilgrim Cleveland, Ohio, Ill. N. N. Richardson 33 per cent, G. G. H. P. of Ill. I. G. Bowman 33% M. W. W. C. of South Carolina, and others who was found worthy for the same. Grand Master Parker of Michigan comes well recommended and profusely experienced in the Administration of the Order and its affairs, having been identified with it for more than thirty years, and served for twelve years as secretary general of H. E. under former Administration. Ill. W. M. Wright, 33 degree of Beaufort, S. C., was awarded a charter for all Knight Temples throughout the state, and he stands ready at anytime to call upon you to out line his work. Mrs. Belle Williams, worthy Matron of South Carolina held her own during the session, and the Supreme Matron, Mrs. Helen A. Smith of Brooklyn, N. Y. found it to be a pleasure to place her in her cabinet. Ill. D. D. M. Mozie of Columbia, South Carolina is now head of all the royal Arch Masons of the State. The United Supreme board will meet next year in Detroit, Michigan. The United Supreme Council A. A. Scottish Rite Masons, Southern and Western Jurisdiction of the U. S. A. and Canada will meet in Chicago, Ill. 1938. The session closed in peace and harmony. DISTRICT CHURCH SCHOOL CONVENTION Spartanburg, S.
