You can see that I am working to build up my church and Sunday school. I will like very much for you to visit my church and see what the members are doing. I will write again soon. So long,
ANNIE JENKINS.

MY TRIP

Hello Bill: Have you heard the news? I went out for a ride with my friend Boots and his mother and father. We had a nice time. We went to the canal and saw where the water is purified and some of the water works. From there we went to Lake Murray. We had a spy glass and I look across the water and saw a house and a car from there we returned home. I enjoyed myself much.

Dear Bill: I am having a grand time spending my vacation doing such things as picking blackberries, riding bicycle and playing in my girlfriend's playhouse. For the last two or three weeks we have been practicing for the Children's Day exercises. I am taking four parts. They are: I am speaking alone; I am speaking with a group of children; I am taking a part in the drill and I am also taking a part in the singing. The Children's Day exercises are going to be held at Macedonia Bapt. church tonight, June 12.

VISITS AUNT IN SAVANNAH

Dear Bill: I spent a week in Savannah with my aunt. My stay was very pleasant. While there I saw Shirley Temple play in "Wee Winnie Winkle".

By the way Bill I sent for a copy of the "Leader" but I didn't receive it.

I am sending in a short story.

Disobeyed

The country doctor would never admit himself in the wrong. One morning a man rushed into his surgery. He was furious.

"Look here," he shouted, "you are nothing but a common cheat. You promised my brother you could cure him, and now he's dead. I'll have you shown up, I'll—"

"Just one moment," said the doctor, "perhaps your brother didn't follow my instructions."

"Oh yes, he did. He followed your instructions all right. He took your medicine for a year and still he died."

The doctor smiled. "Well there you are—I told him to take it for two years."

Bye, bye, BERNICE RUBY PRIMUS.

NEWBERRY NEWS.

Too much cannot be said in commendation of the enlightening and interesting facts concerning the race by Dr. Pickens on June 1, in Drayton Hall auditorium, and what pleased me, there were white educators there to hear him. This can be said of him or rather he is called by this writer a race man. Each word should be capitalized, but we can understand one thing; **appreciation** is his comment on the outstanding folklore of our ancestors and some today are trying to change; and what is more eloquent than those heart songs? The truth is only this, don't try so hard to destroy the old land mark. Dr. Pickens could do a deal of good by such wholesome truths but he was handicapped both times we heard him, as so many things were ahead. No well thinking man or woman could tire of him, if he spoke one hour and ahalf. God give us men such as he. The whites showed their approval on their countenances and applause. For there is one thing about people, they like to hear the truth from the Negro and know when they do. There was a splendid Supt. of Education delivered the address to the graduates and Mr. J. B. Felton presented the diplomas to 31 girls and boys.

One feature to be remembered is a twin set was in the bunch—Elizabeth and E. Gallman, the girls of Mrs. Bessie Gullman, one of Newberry's first ladies. We don't know as we've ever heard of colored twins entering school together and coming out together. Have heard of them getting married at the same time. The girls' parents have something to be proud of. They belong to Bethlehem Baptist church.
