on several times. Young J. B. as

he was known was born and rear-

ed in Columbia, S. C.; attended

the city schools, State A. and M

college, Orangeburg, S. C.; was Historian of his class at Arm-

strong Technical High school

Washington, D. C., attended John

son C. Smith and Howard univer-

sity. At the time of his death he

was employed in the service of the

United States Government Depart

Lodge No. 342, I. B. P. O. E. W

and Past Esteem Leading Knight

ed at St. Luke Episcopal church

Funeral services will be conduct

ment in Washington, D. C. He was the son of J. B. Lewie and There are 44 Negro families on the project at Orangeburg and 25 the late Mrs. Eunice B. Lewie, on the Tiverton project in Sum both of whom are well known ter county. All of these families throughout the fraternal orders. His mother preceeded him to the are taught better practices in home making by Miss Fludd. great beyond ten years ago. J. B

The main object of the program Jr., was 31 years of age, was conis to raise the standards of living verted and baptized while attendamong low income rural families ing Howard university. After re

Moore.

We can truly say that this is turning home he connected himself with the St. Luke Episcopal being done on the above named projects. When the project startchurch where he was very active ed in 1938 a accurate check was in church affairs while home, serv made on each family. This was ing as secetary of the Men's club. done to determine the needs of the families, in order that the work large family. Though young had to be done could be centered a round these particular needs.

When the families of Orange burg Farms Project moved on their units in 1938 there were only 62 quarts of canned food among the entire 44 families. At the end of the canning season these same families yielded an average of 367 quarts per family.

The year 1939 found thee fam ilies advancing on the program more and more. At the end of that year 407 quarts were canne per family.

Each family occupies a new

home with all modern outhouses | They are given instruction in the held his last quarterly conference proper care of their homes and surroundings. Emphasis is also placed on the importance of having a good year-round garden. In fact, each family is required to grow and produce enough food to adequately take care of the members of the household.

Exterior and Interior decoration are given proper consideration.

The supervisor has done an excellent job in helping the families to beautify their homes. This has been done by the use of na- Pastors and friends are invited to signs from relatives and friends tive shrubbery for foundation visit the school and observe the Burial was in Benson cemetery
