Chesterfield Club Elects Delegates

Last Saturday, April 22d, was set as the day for the meeting and re-organizing of the various Democratic Clubs of the counties of the State.

For the most part these meetings were held on schedule time and the business before them transacted. There is a call published in this issue of the Advertiser for those clubs of the county which failed to meet to do so next Saturday April 29th.

Courthouse Club met at the courthouse and elected the following officers: R. E. Rivers, pres.; George K. Laney, vice-pres.; W. P. Odom, sec'y and treas.

In the election of delegates to the county convention, to be held here on May 1st, each club is allowed one delegate for each 25 votes cast in precinct of said club in the first primary of 1914. On this count Courthouse Club is allowed 18 delegates.

The following men were nominated as delegates to the county convention:

M. J. Hough, W. P. Odom, R. E. Rivers, G. K. Laney, A. W. Hursey, John A. Welsh, C. L. Hunley, L. L. Spencer, Ervin Melton, P. A. Murray, Jr., F. W. Rivers, D. P. Douglass, I. P. Mangum, J. H. White, H. J. Sellers, G. R. Spencer, F. D. Sellers, M. S. Watson. There were also elected about 25 alternates.

M. J. Hough, esq., was elected as a member of the County Executive Committee.

The committee on registration elected were F. M. Cannon, C. L. Hunley and P. A. Murray, Jr.

The following were appointed an executive committee by the chair, authority for this action having been given by vote of the club: G. K. Laney, C. L. Hunley, W. P. Odom.

On motion by G. K. Laney, seconded by M. J. Hough, this club went on record as endorsing the county to county canvass of the candidates for State offices.

On motion of C. L. Hunley, which was numerously seconded, the president was authorized to appoint a committee of three to draw up resolutions endorsing the candidacy of the Hon. Woodrow Wilson for president of the United States and the Hon. W. F. Stevenson for Congress from the Fifth Congressional District. On motion of A. W. Hursey this motion was ordered submitted to the County Convention.

On motion of P. A. Murray, Jr., seconded by A. W. Hursey, the club endorsed the Anti-compact Act, known as the Laney-Odom Bill.

At the county convention, held here Monday, May 1st, delegates will be elected to the State convention to be held May 18 in the hall of the house of representatives. One of the important matters will be the electing of delegates to the national convention. The county to county canvass will probably be among the principal things considered.

Ruby Democratic Club

Ruby Democratic Club met Saturday, April 22d and passed the following resolutions:

First, Resolved that this club goes on record as endorsing the administration of President Woodrow Wilson and commending his course of action as head of the affairs of this nation.

Second; Whereas, at the recent session of the General Assembly, Senator Laney and Representative Odom were the joint authors of what is called the Laney-Odom or Anti-compact Bill which precludes the fire insurance companies from illegally combining for the purpose of fixing insurance rates and whereas in our opinion this law is of inestimable value to the people of South Carolina, and in our opin-

The Interdenominational Sunday School Convention

The South Carolina Interdenominational District Sunday School Convention met in Chesterfield Baptist Church Sunday, April 23, 1916.

The convention was well attended, there being full delegations from all the Chesterfield Churches, from the Cheraw Baptist, Methodist and Presbyterian Sunday Schools, Hopewell Baptist, Lower Macedonia Baptist, Pine Grove Baptist, Westfield Creek Baptist, and Mt. Olivet Methodist Sunday Schools.

The meeting was called to order by the president, Hon. W. F. Stevenson. The Rev. A. H. McArn led in prayer.

Reports were heard from many of the Sunday schools represented.

Short and interesting talks were made by the Hon. W. F. Stevenson and the Revs. B. S. Funderburg, A. H. McArn and B. F. Lang.

Most of the schools represented pledged themselves to make an effort to send delegations to the State Convention in Charleston.

A collection to defray current expenses netted \$16.65.

A deep interest in Sunday school work was manifested by the delegates and the inspiration aroused is calculated to produce good results in the future.

Keep 'Em On.

Now this is all I have to say—
Keep 'em on.
To early spring fall not a prey,
Keep 'em on.
Think not because mild breezes blow
That we are done with steet and snow.
It's quite a jump to June, you know.
Keep 'em on.
Let others foolish be, but you
Keep 'em on.
No matter what your neighbors do
Keep 'em on.
I need not come right out, I ween,
For surely you are not that green.
I take it you know what I mean,
So keep 'em on.

At The Movies

The "Perils of Pauline" are over so far as Chesterfield picture-lovers are concerned. The villainous Owen was satisfactorily disposed of by drowning. Next Tuesday May 2d, begins a new series, "Who Pays?" This is a high class picture and should prove a better drawing card than the one just finished.

The first episode has to do with a musician who neglects wife and child in response to the call of fame. The story is true to life and is well handled.

Second Week of Court

The Court of Common Pleas is now in its second week. When it adjourns at the end of this week it is said that it will have accomplished more business than any other term of the Court of Common Pleas within the past four years.

The case of Puffer Manufacturing Co. vs D. H. Laney was decided by jury in favor of the defendant. Notice of motion for new trial was given.

The case of Ustis, cashier of the Bank of Hartsville, vs M. B. Smith, of Cheraw, was decided by jury in favor of Ustis, verdict for about \$400.

A number of cases were either settled or continued on Monday. In several cases consent verdicts were taken. Among others was a verdict for \$300 in favor of Hurey Bros. Co. against J. L. Douglass.

In the case of Isaiah Brewer, a negro, against Threatt Bros., of Jefferson, the Court directed a verdict in favor of Brewer for \$325.

The case of J. N. Stricklin, of Cheraw against Dr. J. D. Ingram, J. K. McCoy, W. L. McCoy, F. E. Kerr took up all day Tuesday and part of Wednesday. The jury found for J. N. Stricklin in sum of \$319.29 against J. D. Ingram and F. E. Kerr.

The court is now engaged in the case Lee Mercantile Co. vs. Knight and others.

The important case of Whiteman vs. Seaboard Air Line Ry. has been set for Friday. Whiteman was hit by a Seaboard train some time ago near Killocks, and is suing the railroad for \$5000.00 damages.

Town Council Meets

The second meeting of the new town council was held Tuesday evening.

There was a full attendance and some important business was transacted.

Mr. J. K. Abbott was appointed policeman.

An ordinance governing the parking of cars on Main street was passed. Hereafter cars may be parked on the south side of Main street between Odom Bros. store and the county jail and from the City Market as far west as is needful; on the north side of Main street they may be parked west from the post office and between the store of Mr. B. C. Moore and the courthouse. Cars are to be turned head-in toward sidewalk and not parallel thereto.

The council has officially set the week of May 1st as clean-up week. The missionary societies of the various churches have appointed committees to wait on the mayor and council and to assist in any way possible. There is no use talking, Chesterfield may as well make up her mind to the fact that she is going to be cleaned up.

Automobile Accident

The third accident on the streets of Chesterfield within a month came near being a serious one. Mr. L. E. Raley and Mr. Smith Oliver were in collision and both escaped injury by a narrow margin.

The mules hitched to a wagon of the Standard Oil Co., escaped damaged by the quick exercise of their mullah intelligence. They sidestepped with alacrity.

The streets of Chesterfield are becoming too crowded with cars for the further continuance of haphazard methods of traffic control without serious risk of life and property.

This fact is fully realized by the new city council and they propose to enact ordinances governing traffic, especially on Main street, and to see that they are obeyed.

Wanted—500 Hens and 1000 Fryers and Broilers. Best prices paid.
