**The Hupmobile  
Asks No Odds**

By actual performance, the Hupmobile answers claims of multi-cylinder advantages in its own price-field.

And by performance we mean the power and flexibility of the motor; comfort, riding ease—every element that contributes to motor car satisfaction.

By means of proved and definite Charlotte records of operating and up-keep economy the Hupmobile establishes for itself higher quality than rules its class.

It goes still further by offering a free-coupon service that no car less worthy could support.

We are pleased at all times to demonstrate the Hupmobile, with the clear understanding that the recipient of the demonstration is placed under no obligation whatever.

**MUNSEY'S MONEY**

Dr. Messenger Munsey—and it happens this is his true name—laid by for old age. He didn't care to spend his old age practicing medicine. He wanted a period in his life when he could rest all day and sleep all night. So he saved money. He selected the fireplace of his sitting room for his treasury. He placed his bank-notes and cash under the stone. Upon his return from a sudden call he found the maid had built a warm fire on the hearth. Need we say more about Munsey's Money? The one, sure, safe, solid place to keep YOUR money is in an account with us.

Money out of a Bank Account is like a fish out of water—it doesn't last long.

**KICKING OVER THE MILK PAIL**

In Chicago they have been having strikes for years but here is a new one. It comes from the dairy farmers who have been supplying Chicago with milk. The farmers want a slight advance in price of the lactical fluid. They don't claim that it is on account of the war, that handy excuse for any old thing, but they say the city milk dealer is getting all the profit. Their fight is on the middle man but all Chicago is kicking like Mrs. O'Leary's famous cow that kicked over the lamp that set Chicago on fire. One of the striking farmers explains "the milk in the cocoanut" as follows:

"At present we deliver about a million quarts of milk daily, on an average, in Chicago. We get, on an average, two cents a quart for this milk. The dealers receive eight cents, and in pint bottles ten cents, a quart for this milk."

The demand was for an increase of about one-sixth, 16 2/3 per cent; that is, the farmers getting two cents a quart asked for seven cents, instead of six cents, for three quarts.

From this distance it looks like the farmers' demand is very modest and the Chicago people had better let the cows do the kicking.

The river and harbor appropriation bill, carrying \$40,000,000 has passed the lower House of Congress: One of the largest appropriations is that of Norfolk to Beaufort, \$1,000,000.

At a convention of Dentists out west it was stated that painless dentistry will soon be an accomplished fact. An editor who has had experience says that will not happen until the toothless age arrives.

A notable death was that of Miss Mary Risinger, near Leesville, South Carolina. She lacked less than two months of being 96 years old and up to five years ago had lived all of her life in the house where she was born.

West Virginia has determined that prohibition shall prohibit in that state. Officers captured a big load of whiskey coming into the State on a wagon drawn by two mules. They not only confiscated the whiskey but the wagon and the mules.

Statistics as to last year's cotton crop and the crop being planted this year have been published. According to this report every cotton state shows a slight increase—making an average increase of 6 per cent. The figures for South Carolina are: 2,399,000 acres for 1915; 2,567,000 acres for 1916. The reduction in use of fertilizers this year is about 16 per cent.

**OPPORTUNITY**

By John J. Ingalls

Master of Human Destinies am I!  
Fame, love and fortune on my footsteps wait.  
Cities and fields I walk; I penetrate  
Deserts and seas remote, and passing by  
Hovel and mart and palace—soon or late—  
I knock unbidden once at every gate!  
If sleeping wake—if feasting, rise before  
I turn away. It is the hour of fate,  
And they who follow me reach every state  
Mortals desire, and conquer every foe  
Save death; but those who doubt or hesitate,  
Condemned to failure, penury and woe,  
Seek me in vain and uselessly implore.  
I answer not, and I return—no more!
